About Indian Demolition Association

The Indian Demolition Association (IDA) is a professional organization dedicated to advancing the demolition industry in India. It provides a platform for industry professionals to share knowledge, best practices, and innovations related to demolition and recycling. The IDA focuses on promoting safety, sustainability, and the use of modern technologies in demolition projects. Additionally, it offers training programs, certification, and networking opportunities to its members, contributing to the growth and development of the demolition sector in India.

To promote & protect the interests of the demolition industry in India.

To encourage health and safety procedures.

To upkeep International standards on demolition techniques.

To provide its members with a sense of community and common purpose.

To promote Recycling of Construction & Demolition (C&D) waste.

To maintain contacts with similar organizations around the world.

To aid in legislation concerning the Removal, Depositing, & Recycling of Demolition debris.

To serve as a voice to advocate rights, privileges and benefits for its members.

To promote best industry practices through education, training and to publish guide books and practices.

OBJECTIVES OF IDA

DEMTECH INDIA 2026

PIONEERING THE FUTURE OF DEMOLITION IN INDIA

In response to the dynamic and evolving needs of the demolition industry in India, the Indian Demolition Association (IDA) is proud to announce DEMTECH 2026. This premier event is set to be a landmark gathering for demolition professionals, industry experts, and stakeholders from around the world. Scheduled to take place over four days, DEMTECH 2026 will feature a four-day expo, including one-day conference, offering an unparalleled platform for showcasing innovations, sharing knowledge, and forging new collaborations.

Safety systems & monitoring solutions

Advanced demolition & dismantling equipment

Professional services related to demolition & remediation

Specialized tools, attachments & machinery
